Dear Mr. Raye:

On May 7, 1980, May 8, 1980 and June 26, 1980, Mr. Duane Snyder of the O.E.P.A., Ken Humphrey of the O.E.P.A., Steve Vanecko, and myself inspected the property located at the southeast corner of Trabue Rd. and McKinley Ave. where your company operates a clean fill and demolition dump. Under O.A.C. 3745-27-05 such operations are prohibited from accepting solid wastes as defined in O.A.C. 3745-27-01 (u).

It was noted at the time of these inspections that you were accepting cardboard boxes, trash, garbage, cut vegetation, paper and other materials classified as solid waste. Under the aforementioned O.A.C. chapters you are limited to "material from construction operations" and "material from demolition operations".

You are hereby ordered to cease and desist from accepting solid waste for disposal. Failure to comply will result in prosecution.

Sincerely,

Jim Veeley
